

Announcing the latest addition to QwickAnalytics:

New CECLSolver™!

Simple and easy to get ready using instant historical and customized peer data.

The screenshot shows the CECLSolver™ interface with a search bar and navigation tabs. The main table displays various loan categories with columns for weighted average remaining maturity, average balance over life of loan, appropriate net chargeoffs, bank historical rate, peer historical average, bank PCT Rate vs. Peers, user adjustment for qualitative factors, expected future loss rate, current expected credit loss (D), and current loan balance. The table includes categories like 1-4 Family Residential Mortgage, Multifamily Residential Loans, 1-4 Family Residential Construction Loan, Other Construction, Development & Land, Total Construction & Land Development Loans, Owner Occupied Nonfarm Nonresidential, Other Nonfarm Nonresidential, Total Nonfarm Nonresidential Loans, Loans Secured by Farmland, Total Real Estate Loans, and Commercial & Industrial Loans.

Try it **FREE** for 90 days
along with *all of the other*
QwickAnalytics solutions!

QwickAnalytics®
from QwickRate

Here are a few reasons to take advantage of this **FREE TRIAL OFFER.**

- **Do-it-yourself estimate** – Consultants not needed
- **Instant peer and historical data** – Powers your Q-factors by easily and instantly showing your historical data and customized peer data – critical to your CECL analysis
- **Huge help for community banks** – Enables you to perform a very informed and defensible CECL analysis that's completely sufficient for most community banks
- **No analysis paralysis** – Replaces needlessly complex calculation methods and software services
- **Your report ready in minutes** – Simply edit the report to customize

Save yourself immeasurable work and frustration! Take a tip from the regulators:

“... for smaller, less complex community banks, complex modeling techniques are not required, and simple practical methods should work.”

From CECL Webinar for Bankers: Practical Examples of How Smaller, Less Complex Community Banks Can Implement CECL (by FDIC, FRB with the CSBS, the FASB, and SEC) February 27, 2018

Your 90-Day Trial Offer comes with **FREE** access to all of
QwickAnalytics including Credit Stress Test, PeerWatch Trends Report,
Interactive Bank Research tool and more!
