

See how Fast, Simple and Practical institutional bond trading can be!

Now community banks and credit unions can easily buy and sell institutional sized bonds **online, at any time**. QwickBonds opens up opportunities and benefits usually closed to all but the bond market's most active and biggest traders. And the process is point-and-click easy!

QwickBonds delivers the value of efficiency.

To boost efficiency for traders, QwickBonds electronically aggregates information about fragmented bond liquidity across multiple market channels. This gives you a more complete picture of assets that can be traded without affecting pricing. You can quickly make your next transaction – at the right value. Plus, you'll be able to:

- **Enjoy one-stop-shop convenience.** Access the institutional bond market with anonymity and transact trades online at a single site.
- **Broaden your opportunities.** Capitalize on offerings usually available only to the market's largest institutional bond buyers.
- **Streamline your selling.** Use Bid Wanted and Offer announcements to simplify your liquidation process.
- **Take advantage of exclusivity.** Buy and bid bonds offered only on QwickBonds.
- **Gain a competitive edge.** Broaden your market access, benefit from increased transparency and retain privacy – while being regulatory compliant.
- **Choose from a greater selection.** Access over 20,000 unique offerings each day, including listed offerings by community banks.
- **Easily satisfy portfolio requirements.** Search and save queries, receive notifications, about potential investments that fit your organization's investment policy.
- **Leverage S&P ratings and reports.** Unlike stocks, information about bonds may be less plentiful. QwickBonds helps fill the gap with access to details from S&P, including S&P Credit Reports.

Why QwickBonds?
